DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on 10/05/2007 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Claim Rejections - 35 USC § 103

- 1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:
 - (a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made.
- 2. Claims 1-18 and 45-59 are rejected under 35 U.S.C. 103(a) as being unpatentable over Debonnett (Us 2001/0032139)

Dobnonett discloses a system by which a provider bank effectuates international banking transactions for a plurality of customers of a client bank (see paras 0041-0042), the system comprising: a client bank (36--commercial bank) environment established within the provider bank, the client bank environment comprising:

a plurality of customer accounts corresponding to the plurality of customers of the client bank, and a client bank environment processor coupled to the plurality of customer accounts and coupled to the client bank, the client bank environment processor receiving a payment instruction fi:om the client bank related to a low value payment in a particular country requested by a particular customer of the client bank, the client bank environment processor debiting the

customer account of the particular customer and generating the low value payment in response to the payment instruction from the client bank (see paras 0005-0006; and 0024); and a provider bank (merchant bank) environment established within the provider bank, the provider bank environment comprising:

a provider bank environment processor coupled to the client bank environment processor and coupled to a low value payment system in the particular country, the provider bank environment processor receiving the low value payment from the client bank environment processor and transmitting the low value payment to the low value payment system in the particular country, whereby the particular customer of the client bank can make the low value payment even though the client bank does not have direct access to the low value payment system in the particular country (see paras 0025+).

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel S. Felten whose telephone number is (571) 272-6742. The examiner can normally be reached on Flex.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James Trammell can be reached on (571) 272-6712. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
